A cosy family home with separate entrance hall and open living room that flows seamlessly into a simple but functional kitchen. Further downstairs you will find a bathroom (to be renovated) with a separate toilet. From the kitchen and the bathroom you have direct access to a covered terrace and a nice garden with a second terrace. A handy garden shed accessible via a rear entrance, is ideal for storing bicycles, etc. On the first floor of this house are two spacious rooms, offering plenty of possibilities for a family or to receive guests. Additional storage space is possible in the dry cellar. A brand new condensing gas wall boiler has already been installed. With an investment of around 10,000 euros in the renovation and insulation of the roof, you can obtain an energy performance certificate (EPC) with label C.
